INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Sycamore Financial Group
Kokomo, Indiana 46902

We have audited the accompanying statement of financial condition of Sycamore Financial Group as of December 31, 2005 and 2004 and the related statements of income, changes in stockholder's equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Sycamore Financial Group as of December 31, 2005 and 2004 and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our examination was made for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SYCAMORE FINANCIAL GROUP
Notes to Financial Statements
December 31, 2005 and 2004

NOTE 1 - ACCOUNTING POLICIES

Sycamore Financial Group is a securities brokerage firm. Currently the firm does not self-carry any securities accounts except through their correspondent, Southwest Securities Corporation. The firm also deals directly with certain firms for mutual funds, unit trusts, gold and silver. Sycamore Financial Group maintains no physical securities, client cash or margin accounts.

The firm has branch offices in Anderson and Muncie, Indiana, which run all transactions through the Kokomo office. Kokomo pays the branches commissions earned once each month. The firm provides overhead contribution to the Anderson branch.

The cost of furniture and fixtures, equipment, buildings, and improvements is depreciated over the estimated useful lives of the related assets. Depreciation is computed on the straight-line, ACRS, and MACRS methods for financial reporting and income tax purposes. Use of these methods does not result in a material departure from generally accepted accounting principles.

The company has defined cash equivalents as highly liquid investments, with original maturities of less than ninety days, that are not held for sale in the ordinary course of business.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - INVESTMENT SECURITIES

At December 31, 2005 and 2004, securities are stated at current market value. The resulting difference between cost and market is included in income.

NOTE 3 - OTHER INVESTMENTS

Represents an investment in Wagley Investment Advisors, Inc. in which the company has a 20% interest at December 31, 2005. The investment is carried at cost, adjusted for the Company's proportionate share of their undistributed earnings or losses, and amortization of excess of cost over equity acquired. The company acquired its entire interest on April 20, 2005.

NOTE 4 - RECEIVABLES/PAYABLES FROM/TO BROKERS

Receivables from brokers represent commissions due and accrued to Sycamore Financial Group from their correspondents. The payable to brokers is commission due to the brokers at the Anderson and Muncie Branches and registered representatives at the Kokomo main office.

SYCAMORE FINANCIAL GROUP
NOTES TO FINANCIAL STATEMENTS
December 31, 2005 and 2004

NOTE 5 - INCOME TAX EXPENSE

Deferred income taxes arise from timing differences resulting from income and expense items reported for financial accounting and tax purposes in different periods. Deferred taxes arising from timing differences that are not related to an asset or liability are classified as current or noncurrent depending on the periods in which the timing differences are expected to reverse.

The components of income tax expense are:

	<u>2005</u>	<u>2004</u>
Currently payable	\$ 11,122	\$ 11,379
Deferred taxes/ (credit) due to timing difference	<u>-1,081</u>	<u>17,881</u>
Total income tax expense	<u>\$ 10,041</u>	<u>\$29,260</u>

The principal sources of timing differences are accounting methods used to value investments at market for book purposes and at cost for income tax purposes.

NOTE 6 - LEASES

The Company leases office space located at 2713 Rockford Lane in Kokomo, Indiana from the shareholder of the Company under an operating lease which expires on January 1, 2007. The rental rate per square foot of space is at market value for the geographic area. The lease contains a provision for annual renewals with the same terms and conditions except for the rental rate. Future renewal rates will reflect changes in the CPI or will be based on mutually agreed upon amounts. The Company paid \$66,000.00 in rent for the year ended 2005 and 2004. The Company subleases part of the space to other professionals on a year-to-year basis. Both the rental payments made and sublease rental payments received are shown separately.

NOTE 7 - SELF-INSURED

During 2003 the Company made the decision to self-insure and did not renew its insurance policy for errors and omissions. Representation has been made by management that they are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with Statement of Financial Accounting Standards No. 5.

Exemption from SEC Rule 15c3-3: Sycamore Financial Group holds no customer securities or funds due to a restrictive agreement maintained by the firm.

Exemption from schedule of segregation requirements and funds in segregation pursuant to Commodity Exchange act: Sycamore Financial Group has no dealings in commodities.

RIDER KENLEY & ASSOCIATES

INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17A-5

To the Board of Directors and Stockholders of
Sycamore Financial Group

We have examined the financial statements of Sycamore Financial Group for the year ended December 31, 2005, and have issued our report thereon dated January 25, 2006. As part of our examination, we made a study and evaluation of the company's system of internal accounting control (which includes the procedures for safeguarding securities) to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the consolidated financial statements.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practice and procedures) followed by Sycamore Financial Group that we considered relevant to the objectives stated in rule 17a-5(g), (1) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the reserve required by rule 15c3-3(e); (2) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13; (3) in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (4) in obtaining and maintaining physical possession of control of all fully paid and excess margin securities as required by rule 15c3-3.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of Sycamore Financial Group taken as a whole. However, our study and evaluation disclosed no condition that we believed to be a material weakness.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the company's practices and procedures were adequate at December 31, 2005, to meet the commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission and the National Association of Security Dealers and should not be used for any other purpose.

Rider Kenley & Associates
